

## 2026 Wilkinson Gelbvieh Spring Bull Sale - Supplement Sheet

All were DNA parent-verified AND tested for Homozygous Black (if double black); results in catalog

Only bulls marked "Homozygous Polled" in Catalog were DNA tested for polled status. HOWEVER, multigenerational polled pedigrees indicate a high probability of most of these bulls being homozygous polled.

<b>Tattoo</b>	<b>Name</b>	<b>Scrotal (actuals)</b>	<b>Weight (3/20)</b>	<b>Comments/Notes</b>
